Educator observations

What worked: Students consistently engaged with the weekly Focus Flame routine.

Student response: The cohort responded positively to short, repeatable activities.

Challenges: Three post-assessments remain incomplete.

Recommended next steps: Complete remaining post assessments before final reporting.

Approved quote/testimonial: Synthetic sample - no real testimonial included.

Data notes

Pre/post change uses only students with both a valid baseline and post score. Incomplete records remain visible in participation and data-quality totals. Results describe this pilot cohort and do not establish clinical, diagnostic, causal, or statistically significant effects.

Next-step recommendations

- Improve post-assessment completion before final reporting.
